

Application News

From Ramsey Products

Keep Cruising with Ramsey Silent Chain.

Application: 1929 Atlas Imperial Engine Water Pump Drive.

- Replacement for original OEM drive.
- 120 Ft. Yacht built by John Barrymore in 1929.

Components

Selected:

- Ramsey DSG507...
5/8" pitch x
1-3/4" width
double side
guide SC
silent chain
- Ramsey DSG
sprockets.

Description: The engine cooling water pump is driven from the crank shaft using Ramsey chain. The engines are direct reversible so the pump works in both directions of rotation. The Atlas engines have no transmission so to reverse them you must stop the engine and then re-start in the opposite rotation. A Ramsey silent chain drive is used for its durability and reliability.

Contact Ramsey Products for assistance with your application. We will provide a no obligation review of your drive requirements.
