**Application:** High Speed Moving Walkway for Busy Airports

**Components Selected:**  
Multiple Ramsey Silent  
Chain Drives

**Description:** A major manufacturer of moving walkways has developed an innovative high speed walkway that can transport up to 7,300 people per hour. The walkway is driven by smooth, compact Ramsey drive systems that provide normal walk way speeds at entrance and exit, while accelerating to higher speeds in central sections. Precise timing, smooth operation, and long life are important requirements in the application. The customer chose Ramsey chain and sprockets as the best solution.

Contact Ramsey Products for assistance with your application. We will be happy to provide a no obligation review of your drive requirements.
